

VIBHU GAUTAM

Aspiring Data Analyst

+91-8707668389 | vibhugautam8081371284@gmail.com | LinkedIn | GitHub

Summary

Computer Science undergraduate with hands-on experience in data analysis, SQL, Python, Microsoft Excel, Power BI, and Tableau. Skilled in data cleaning, exploratory data analysis, dashboard development, and transforming raw data into actionable business insights. Currently expanding expertise in Data Science, Machine Learning, Artificial Intelligence, and advanced analytics while actively seeking opportunities to apply analytical skills in real-world business environments.

Skills

Programming: Python, SQL, Java, C

Data Analytics: Data Collection, Data Cleaning, Data Validation, Exploratory Data Analysis (EDA), Statistical Analysis, Data Wrangling

Data Visualization: Power BI, Tableau, Microsoft Excel

Libraries: Pandas, NumPy, Matplotlib, Seaborn

Databases: MySQL, MongoDB

Tools: Git, GitHub, VS Code, Jupyter Notebook, Anaconda, Postman

Experience

Deloitte Australia Data Analytics Job Simulation (Forage)

Dec 2025

Data Analytics Virtual Experience

Remote

- Collected, cleaned, validated, and analyzed large business datasets using Microsoft Excel and SQL.
- Prepared analytical reports and identified business trends to support strategic decision-making.
- Ensured data accuracy, integrity, and consistency across datasets through data validation techniques.

Tata Data Visualisation Job Simulation (Forage)

Dec 2025

Business Intelligence Virtual Experience

Remote

- Developed interactive dashboards and business reports using data visualization techniques to support executive decision-making.
- Transformed raw datasets into meaningful visualizations and presented insights using business intelligence principles.
- Presented findings and recommendations that supported performance analysis and process improvement.

Projects

HR Analytics Dashboard | *Power BI, DAX, Excel* | GitHub

Oct 2025

- Collected, cleaned, and analyzed 1,470 employee records to build an interactive HR analytics dashboard.
- Developed 8+ DAX measures, KPI cards, slicers, and over 10 dynamic visualizations for workforce analytics.
- Designed KPI dashboards to monitor employee attrition, workforce demographics, and department-level performance.

E-Commerce Sales Analysis | *Python, Pandas, NumPy, Matplotlib* | GitHub

Dec 2025

- Collected, cleaned, validated, and analyzed over 10,000 sales records using Python, Pandas, NumPy, and Microsoft Excel.
- Performed exploratory data analysis and created 20+ visualizations to identify sales trends and customer behavior.
- Generated actionable insights through visualizations to support sales strategy and business decision-making.

Certifications

- HP LIFE – Data Science & Analytics
- CodeWithHarry – Data Science Course
- Deloitte Australia Data Analytics Job Simulation (Forage)
- Tata Data Visualisation Job Simulation (Forage)
- AWS Solutions Architecture Job Simulation (Forage)

Education

B.Tech in Computer Science & Engineering

BBS College of Engineering and Technology

Expected 2027

Prayagraj, Uttar Pradesh
